

7.2.1

Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual

Best Practice – 1

1. Title:

“Young Entrepreneurship Breeding talent for Startups”.

2. The Objective of the Practice:

Business has been confined to those who were in position of having resources in abundance. Post-liberation, it was open to all sections of the society. With the emergence of technological advancements young age people especially students, attained the confidence to explore more entrepreneurship using their innovative ideas. At SRDC, we took the initiative to launch the scheme of Young entrepreneurship; the purpose of this was to instill in our students the capability of leading their own ways of thinking.

3. The Context:

Majority of our students are worried about the uncertainties of making profit from a new business. To boost Morales we have designed few concepts that can help students learn more about the importance of business and also what makes entrepreneurship different from the traditional way of business.

4. The Practice: For start-ups, our purpose was to make sure that our students could work with new ideas. Keeping this in mind, we have started activities in our college to propagate various ways for students to get into business and that too with minimal investment and no liability to bear with.

We gave them platforms that started to imbibe confidence in our students by having various ways of Fair from the range of Food Mela to Job Mela.

We have called some self-made entrepreneurs to share their experience with our students. That helped a lot in building up confidence of students. Even our college canteen is operated by our alumni's.

5. Evidence of Success:

Many of our past and present students are engaged in the world of business with small startups of business. Some past students are into IT sector with their own startups and doing very well. The details of past few students are listed below

- 1) Mr. Sagar Sakpal (BMS passed out in A.Y. 2016-17) (Founder - Fruitwala Dryfruits, Kandivali west, Mumbai – 67 and YouTuber with more than 4 million subscribers)
- 2) Mr. Ellroy Periera (BMS Passed out in A.Y. 2018-19) (Businessman, Mumbai)
- 3) Mr. Suraj Tiwari (BMS passed out in A.Y. 2016-17)

- 4) Mr. Santosh Sharma (B.Com Passed out in A.Y. 2020-21) (Interior Designer , Mumbai)
- 5) Mr. Rohit Chauhan (BAF Passed out in A.Y. 2020-21) (Entrepreneur at Infyatra Tours and Travels, Mumbai)
- 6) Mr. Sagar Shetty (BMS passed out in A.Y. 2020-21) (Entrepreneur at Malaxmi Tourism Hub, Kandivali west, Mumbai)
- 7) Mr. Abhishek Panchal (B.Com passed out in A.Y 2009-10) (Trinity Dance Institute, Mumbai)

6. Problems Encountered and Resources Required:

The only problem that we have encountered was to convince our students to understand the importance of doing business and that too without the elements of negative thoughts and feelings of failure. Fortunately, our team of dedicated teachers did give us the impetus to think about new ideas and to keep getting new ideas, even if one fails to get the desired outcome.

7. **Notes:** In SRDC we help students to implement their ideas to convert their dream into reality. Colleges especially when they have middle-class students must utilize the potential of students in the world of business.

Best Practice – 2

1. Title:

Freeships by the SRDC's Management for EBCs irrespective of Caste, Creed and Religion

2. The objective of the Practice:

Financial aid is provided to students that remit the whole or half of the institution's fees. Freeship is granted to needy students. It is also offered to outstanding sportsmen, provided students meet the requirements of the concerned authorities. To apply for Freeship, students are required to follow the eligibility terms and conditions of the College Management

3. The Context:

As an education institution, it is our primary objective to serve the Society. To help financially distressed parents who are unable to pay Fees are availed with freeship.

4. The Practice:

Those Parents who apply for freeship are availed with freeship ranging from 10% of the fees, and in some cases 75% & in rare cases even 100%.

The College Management has realized that parents are unable to pay fee due to the pandemic crisis in 2021-22. Accordingly, Management has passed a resolution to reduce the fees and revise the Fee Structure for A.Y. 2021-22.

Fees for B.Com, BAF, BMS, BFM was reduced by Rs. 2,000 and Fees for BSc-IT was reduced by Rs. 5,000

5. Evidence of Success:

Revised Fees Structure for A.Y. 2021-22.

Programme	A.Y. 2020-21	A.Y. 2021-22
F.Y.B.Com	Rs. 17,300	Rs. 15,300

Even in the Year of Pandemic, the College's Admission was full, besides this the students with freeships were highly motivated for their studies as the College achieved 100% result in the year with no student facing a Drop or ATKT.

6. Problems Encountered and Resources Required:

Basically, giving Freeship to needy Students was never a problem for the Management, but the problem was to identify the needy, because every person with the Freeship application cannot be the person with financial difficulty.

7. Notes:

For many international applicants studying abroad is an expensive affair. Arranging funds to pursue higher education is a reason of worry for many students. 'Freeship' allow students to feel motivated to pursue their education. To promote education, it is the duty of our Institution to give financial aid to students.
